EDUCATION

National Institute of Technology, Hamirpur 8.62 CGPA

B.Tech(Engineering Physics) *Dec. 2020 – july 2024*

Courses: Data Structures and Algorithms, Microcontroller ,Artificial Intelligence, Analog and Digital Electronics, Lasers, Measurement and Instrumentation, Electromagnetic Theory, Quantum Physics, Plasma Physics , Engineering Optics, Solid State Physics

B.S College Karua ,Samastipur,Bihar Percentage : 87

Class XII *March 2019*

R.High School Jitwaria ,Samastipur,Bihar Percentage : 81.6

Class X *March 2017*

TECHNICAL SKILLS

Languages: C, C++, JavaScript
IT Constructs: DS and Algorithms, OOPS, DBMS and OS
WebTechnologies: HTML, CSS
Developer Tools: Github, VS Code
Frameworks: React, Bootstrap
DB Language: SQL

EXPERIENCE

Web Development Intern June 2023 – july 2023

Oasis Infobyte *Remote*

* During my internship at oasis Infobyte, I had the opportunity to work as a Web Development Intern, where I honed my skills in creating user-friendly web interfaces. One of my key achievements during this internship was the successful creation of a basic landing page and a temperature converter app.
* Utilized HTML and CSS to structure and style the landing page, focusing on responsive design to provide a consistent experience across various devices.
* Developed interactive elements using JavaScript to enhance user engagement and interaction on the landing page and temperature converter app.

PROJECTS

MovieInfo Application | *HTML, CSS, React.js, Rapid API, React-Router*

* Designed and developed a web application using react to allow users to search movies by their ratings, popularity.
* Utilized Rapid API to fetch the collection of movies.
* Deployed it on the Netlify platform to ensure seamless access and optimal user experience.

Quiz App | *HTML, CSS, React.js*

* Created an interactive Quiz web application using React.js that allows users to answer a series of questions and check their total score on submission.
* Created a dynamic user interface with React components for presenting questions and options.

Portfolio Website | *HTML, CSS, JavaScript*

* To showcase my skills as a web developer, I developed a personalized portfolio website. This project not only served as a showcase of my capabilities but also provided a platform to share my projects, skills, and experiences.
* Utilized responsive design to ensure compatibility across all devices.

ACHIEVEMENTS

* Solved 500+ DSA Problems on Leetcode and GFG.
* 3 Star Coder on Leetcode.
* Earn monthly badge on Leetcode for solving DSA challenge.
* Among top 10 students of my branch.
